**Subject:** Task 2489-Morgan Aggregate

Penny--

This morning, Leslie and I had a meeting with Chris Faulhaber from Granite Construction and Travis from Blue Rock Pit LLC concerning the proposed Morgan Aggregate small mine. We discussed some problems with the SMO Granite had submitted, and we agreed that Granite would submit new maps and a modified page for the NOI. I told them I would not write a deficiency letter but would await their response.

I will print this e mail and send it to the file, but based on this conversation, we should be able to close out task 2489.

Thank you.
